🎯 TARGET

With the desire and passion to make with ReactJs and NextJs, my target is to be accepted by the company for an fresher at **TechVision Solutions** in the Fresher Frontend Developer segment of **TechVision Solutions** company. I desire to make the website run well and the optimal website/application can bring a lot of users and benefits to the company and its users. In the next 2 years, my new goal will be to become a full-time employee at **TechVision Solutions** Company, as a Junior Frontend Developer, and improve my application development skills with the team in a more professional way. I am willing to stick with the **TechVision Solutions** company for the long term, learn more technology, and develop the skills and experience I have acquired to bring long-term benefits to the company. Thank you for reading.

📁 EXPERIENCE

5STARS GROUP COMPANY VIET NAM

08/01/2024 - 11/07/2024

Content Website Administration

Managed all page in website and wrote content to public on website since every day.

VNPT CAN THO INTER

03/05/2024 - 07/08/2024

Fullstack Website Developer

I have connected with the team together to create a database, prepared to configure, and designed a UI website. Create functions on a website such as a cart, payment method, and administration products, and manage Users on a website. Take data in the database to deploy information objects on a website. That's all the mission I make with my team when I'm here.

FPT SOFTWARE

16/11/2024 - 16/02/2025

Frontend Developer

- I have been trained about Cobol language and some framework as SpringBoot Java.
- Migrate from Cobol language in Mainframe to Java language in Springboot, from Bms to Reactjs.
- In this company, I acquired the fundamentals of the Cobol language, as well as what it is used for.
- Convert Cobol's Transaction List and View User List functions to Java.
- Migrate bms screen in Delete User to ReactJs.
- Teamwork with cobol team are training has leader follow.
- Understand how to start a new project with a team and divide up the work to finish it.
